Complex Public & Court Records Request Policy

The Clerk of Courts is pleased to assist the public by providing records that go beyond the scope of a typical records request. This would include requests for records that contain complex or historical information or those that call for bulk data reports or recurring data subscriptions.

Such requests can be made by using the **Request for Complex Court & Public Records** form, which can be submitted in person, via email or facsimile, or through the mail. All complex records requests are to be directed to the Clerk's Public Information Officer.

External requests are usually available for pickup or delivery within 7 to 10 business days of the request being submitted. For internal requests, please allow 5 to 7 days. However, such **turnaround times can vary** depending on the complexity of the request and the current volume of requests being processed by the Clerk of Courts.

The complex request form can be downloaded from the Clerk of Court's website, duvalclerk.com, or it can be emailed to a requestor. Once the form is completed, it can be submitted directly to the Public Information Officer by emailing it to Public.Info@duvalclerk.com.

Clerk of Courts personnel in each department can assist in filling out and submitting the complex request form in person by visiting the Clerk of Courts offices at the Duval County Courthouse.

Complex requests forms can be faxed to the Clerk's Office at (904) 255-2159 and should be marked for the attention of the Public Information Officer. Those sent by mail should be addressed to:
